

Warning

WHENEVA YOU SEE OR HEAR

the Principles

OF THE TREATY OF WAITANGI

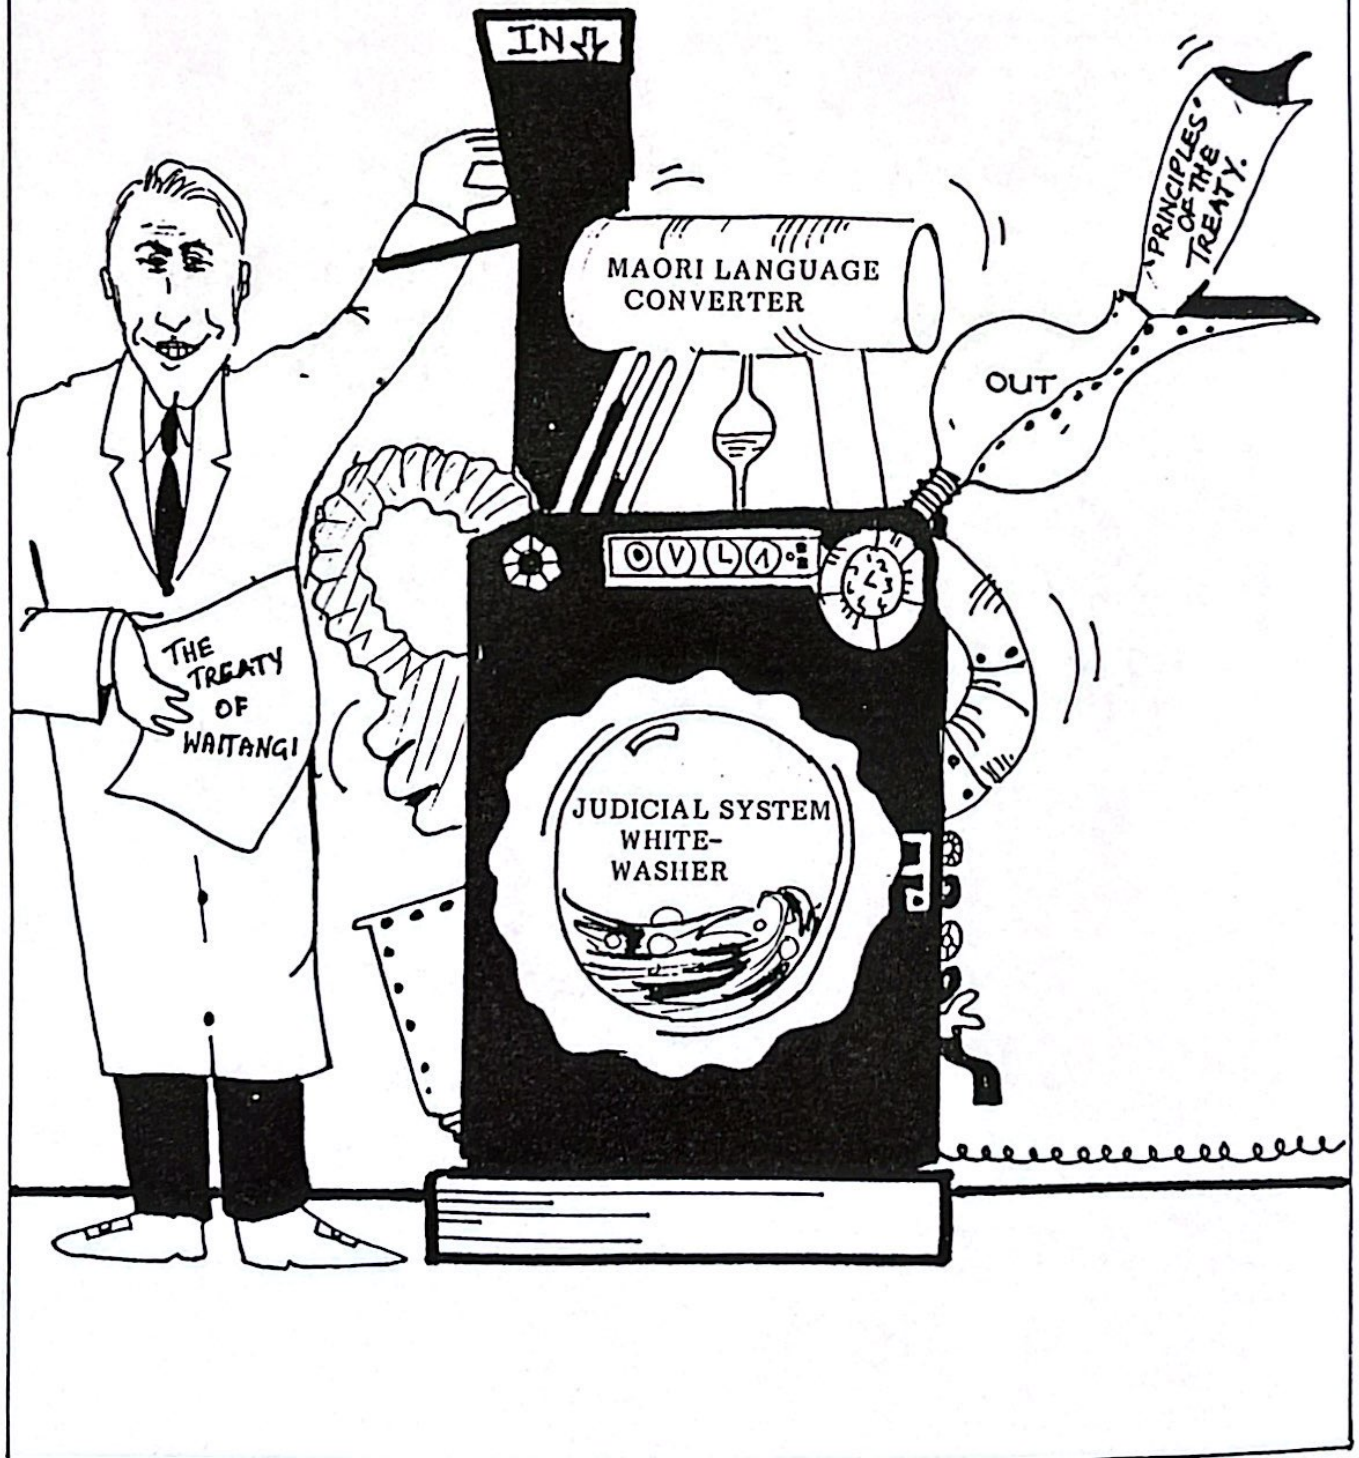

WATCH OUT!!

This does not mean the Treaty

It's a trick to avoid honouring the Treaty itself.

Hey! What did you expect!!!

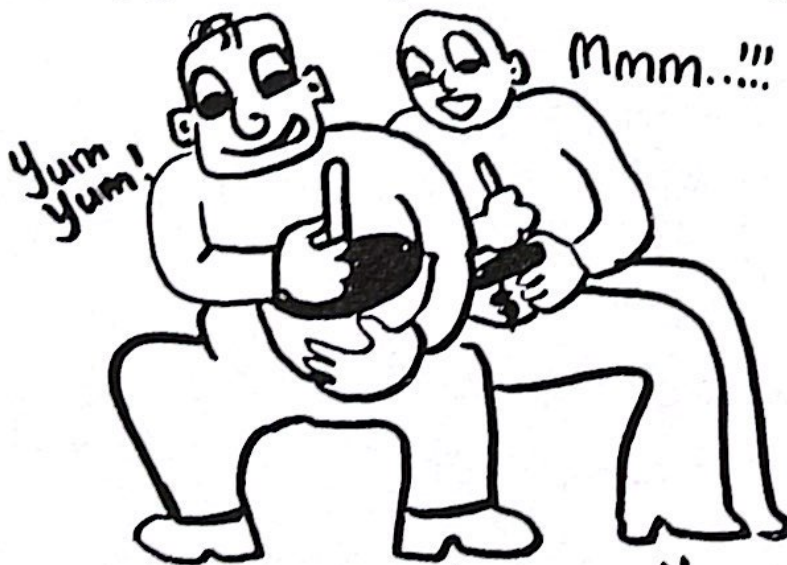

“Isn't this choice? Put in what you don't want in ONE end... and out comes what you DO want, from the other end!”

The words of the TIRITI and
TINO RANGATIRATANGA are being made
irrelevant.

No... not interested!

Politicians and Judges are making up
NEW principles which protect
**PAKEHA
POWER.**

According to them, the main principle
of the Treaty is **PARTNERSHIP**, based
on good faith...

BUT....

For the Government, this means only consulting Maori people if it thinks it must before it can make an informed decision, and only about land, fisheries, forests, etc, not about economics employment or other major decisions.

+ They can still ignore
whats
said.

No Dave! I don't think that we need to bother the Maoris on THIS one...!

AND...

For te Iwi Maori, 'partnership' means being loyal and co-operative and accepting majority rule by Pakeha Government in Parliament.

No!

That's unacceptable!

Now, now... you must co-operate!

PAKEHA ARE REWRITING THE TREATY!!
DON'T BE CONNED.

SPREAD THE WORD-BACK TO BASICS.

DEMAND... a return to the Tiriti..

REFUSE... to talk about the 'principles of the Treaty.'
